

Natural Skin Care for Pets

The new Dermoscent skin range utilises the power of natural active ingredients in easy to use formulations to help manage a variety of skin problems.

- **Atop 7 Range – for red and itchy skin**
- **Essential Range – for dry skin prone to flaking**
- **Pyo Range – to help rebalance the skin microflora**

Available in innovative Spot-On's, Shampoos, Sprays, Mousses and Creams, the Dermoscent Range helps ensure ease of use for owners who want a more natural approach to managing their pet's skin.
